

## EVAB-22 - Loudspeaker Plop Protection

**new**

### Audio signal switch-on delay

When switching an audio system with audio players, preamplifier and power amplifier on and off via a central switch, loud crackling or even a pop-like noise may occur and be heard from the connected speakers. This is caused by a charge potential passing through electrolytic capacitors in the signal path of the preamplifier when switched on. The EVAB-22 can prevent this unpleasant effect. For this purpose, you insert the device into the signal path between preamplifier (or signal source) and power amplifier. The EVAB-22 delays connection of the signal source to the power amplifier when switching the system on. The turn-on pulse does not reach the power amplifier. When the system is switched off, the signal path to the power amplifier is disconnected immediately, before a turn-off pulse can reach the power amplifier via the signal path.

- 1 x RCA input L/R
- 1 x 3.5 mm stereo jack input
- 1 x RCA output L/R
- Metal housing

## Tekniske data

|                                       |  |
|---------------------------------------|--|
| Description                           | : speaker protection module  |
| Nominal value                         | : -  |
| Type                                  | : switch-on delay  |
| Colour                                | : -  |
| Material                              | : -  |
| Suitable for                          | : preventing of interferences/clicking noises when switching playing devices, preamplifiers, power amplifiers on/off |
| Power supply                          | : &acd; 230 V/50 Hz  |
| Admiss. ambient temp.                 | : 0-40 °C  |
| Dimensions                            | : 114 x 66 x 37 mm   |
| Length                                | : -  |
| Mounting dimensions                   | : -  |
| Weight                                | : 250 g  |
| Connections                           | : inputs: 1 x RCA L/R, 1 x 3.5Â mm stereo jack outputs: 1 x RCA L/R  |
| Other features                        | : -  |
| Packing unit                          | : 1  |
| <b>Packing dimensions (W x H x L)</b> | :  |
| Gross weight                          | : 0.35 kg  |
| Net weight                            | : 0.25 kg  |
